The resorts of Grandvalira Resorts, Grandvalira and Ordino Arcalís, have created for this summer the 4 Valls pass, a pass that allows visitors to enjoy nature by collecting new adventures whether as a couple, family or friends. This is a pass valid from 12 to 13 June. The official premiere of the rest of the facilities and activities of the Grandvalira Resorts resorts will be on June 19th.

The summer season at Grandvalira Resorts will end on October 12th. The pass, which can be consumed on non-consecutive days, will give access to various activities in Grandvalira and Ordino Arcalís, and can be purchased both at the box office and on the websites of www.grandvalira.com and www.ordinoarcalis.com.

Both golf lovers and those who want to try for the first time will be able to practice this sport at the Golf Soldeu course, the highest in Europe (2,250 meters). You arrive with the Soldeu cable car, also included in the 4 Valls pass.

At Mon(t) Magic Family Park, in the Canillo sector, the 4 Valls pass includes the Canillo cable car ascent and descent, as well as a pass at the Magic Gliss, a 555 m mountain slide.

In the facilities of the Mon(t) Magic Family Park in the sector of Canillo the fun is assured with the zip line of 550 m of length that crosses the lake of the Oven. For the little ones, Mon(t) Magic Family Park will continue to offer a multitude of activities and games such as pedal cars, acrojumps, mini golf and trampolines, among others. And in the Estany del Forn area, skate and canoeing activities will continue, as well as summer mushing for dog sledding.

And finally, the 4 Valls pass offers lovers of hiking, fresh air and pure nature the opportunity to enjoy the views offered by Ordino Arcalís thanks to the panoramic trips by Tristaina cable car and the Creussans chairlift, the most alt d'Andorra (2,625 m.), where one of the main novelties of the summer awaits the visitor, a new and spectacular tourist attraction in the Pyrenees.
